JOHN F. STEVENS TO INSPECT AND REPORT ON WATER POWER

St. Paul, June 2.—President L. W. Hill, of the Great Northern, today announced that John F. Stevens, who resigned as first vice president of the New York, New Haven and Hartford railroad yesterday, would join the Great Northern for a brief time. Mr. Hill said:

Mr. Stevens has been engaged by the Great Northern Railway company to inspect and report on the water power in Montana and Washington and back into other engineering questions now up for consideration. He was retained as the best man in the world to do the work and because of his long experience in the New Haven road he was at liberty at the right time. The work he has about of him will require about six weeks and he will finish so soon and will not report here in St. Paul.

MANY CASES OF PLAIN DRUNK

JOHN CHIPP ORDERED LOCKED UP FOR FIFTEEN DAYS.

J. J. Ware felt that he had a right to get Drunk Without Court Interference.

The police court grind was of brief duration today and consisted mainly of several discolored victims of Ogden "booze" with which they had celebrated during the night, much to their own disadvantage as well as those with whom they came in contact. A number of barroom brawls occurred during the night, but the participants failed to appear before the court for the trial of the case. They were charged with disturbing the peace and each placed in jail.

John Chipp and C. L. Moore were two of the unfortunate victims who failed to show their wayward before the arrival of the police. They were charged with disturbing the peace and each placed in jail.

John Chipp was not present, but Captain Lewis was responsible for the case. Chipp was the responsible one of the case, but that particular disturbance was concerned. The officer sought to evacuate Moore by stating that the latter was in no way involved in the trouble, but instead had been an innocent spectator. The court stated that inasmuch as Moore had conspired himself of the charge in spite of the officer's defense, he would be confined in the jail for the coming season, starting 15 days in which to sober up. The judge stated that he expected the fellow would be around the next day after his release asking for assistance.

J. J. Ware, charged with drunkenness, arose unsteadily to his feet and, balancing himself alternately on heels and nose, addressed the court. He admitted that he had been "drunk" in the past, but he insisted that he had no intention of being so again. He said he believed that there was no legitimate excuse for curtailing a citizen's liberty and "interfering" with the right of a man to drink. The judge stated that he would not be so lenient and would send him to the jail for 15 days.

CAME WARDENS NAMED BY FRED W. CHAMBERS

State Fish and Game Commissioner Getting Official Family in Order.

State Fish and Game Commissioner Chambers Wednesday announced the appointment of another batch of county fish and game wardens, as follows: D. W. Evans of Panguitch, for Garfield county; J. C. Christensen of Mount Pleasant, for Sanpete county; S. O. Carlson of Loxan, for Cache county; Gardiner county is in the fourth and game district, Sanpete county in the third and Cache county in the first. This is the second appointment for Cache county.

Mont Fisher, a deputy in the Salt Lake county treasurer's office, who a few days ago was tendered the appointment of warden for the second district, comprising Salt Lake, Tooele, Davis, Weber and Utah counties, with a salary of \$1,000 a year, attached to the position, and that Mr. Chambers will have to get some one else to fill the position, and Wednesday that he will announce another appointment Friday.

Mr. Chambers, his chief deputy, Bill Madison, and Elmer A. Jackson, superintendent of the state fish hatchery at Murray, will go to Iron county to inspect the collecting pond there.

Chief Deputy, Madison while in St. George county recently obtained from the Central Utah Trust company the use of its barbery plant, with a salary of \$200 a month for the coming season. The plant will be loaned to him for the purpose of carrying out his duties, Mr. Chambers said, adding greatly to the output of the state.

TRACK BEING LAID IN CANYON

HALF A MILE OF STEEL EXTENDS INTO THE GORGE.

Ogden Rapid Transit Trolley Line Will Reach The Hermitage by Early Part of July.

The work of track laying is progressing rapidly on the Huntsville road in Ogden canyon. There was a slight difficulty with the gang of laborers, but the Ogden Rapid Transit company adjusted everything in a satisfactory manner and nearly a half mile of steel is already in place.

Track was laid from the end of the present line as far as the first steel bridge on Wednesday despite the labor troubles and from now the work will move along rapidly.

A gang of men is engaged at the Lewisville in constructing grade and excavating a cut across the foot of the big slide, which occurred some time ago and which constitutes practically the only unimproved portion of the grade between the present terminus and the Hermitage.

The officers of the Ogden Rapid Transit company are still confident that trolley cars will be running to the Hermitage by July 1st.

BELLE LONDON HAS BEEN GRANTED CHANGE OF VENUE

Salt Lake, June 2.—Another important change of venue was granted in the "stockade" fight Wednesday morning, at which time the case against Mrs. Dora B. Topham, alias "Belle London," and the Citizens' Investment company, which corporation she is president, were called before Justice of the Peace F. M. Bishop, County Attorney John P. Lyon, assisted by P. T. Farnsworth and District Attorney F. C. Loftsbrough, represented the state, while Attorney S. A. King appeared for the defendant.

The courtroom was crowded with those interested in the fight, including a goodly delegation from the Hermitage, but the case was not heard until about eleven o'clock this morning. Weston walked 35 miles from Granite Canyon, Wyo., Wednesday, arriving at Laramie at 8 p. m. and immediately went to bed. A stomach ache kept the veteran awake most of the night, but when he awoke late this morning, he declared he felt much better. He proved it by eating a breakfast consisting largely of butter cakes, thickly spread with butter.

Weston hoped to reach Medicine Bow, 25 miles west of Laramie, tonight, but can hardly do it with his late start.

NEW COMPANY TO TAKE OVER SEVERAL CLAIMS

Provo, June 2.—The Roy Mining & Milling company has filed articles of incorporation in the county recorder's office. The company is capitalized for \$25,000. The company takes over the following claims as a basis of capitalization: The Nephilim and 2; the Hoy, 1 and 2; the Roadside, 1 and 2; the Jesse, 1, 2, 3 and 4; the Texas, 1 and 2; and the Silted, 1 and 2. The company is situated in the Clifton mining district of Tooele county. Provo is the principal place of business. The officers and directors are: President, Franklin S. Millet; vice president, John H. Stratton; secretary and treasurer, Don C. Clayton; these, with Paul A. Millet and Walter Cox, are the directors.

WESTON NOW HEADED FOR OGDEN

PEDESTRIAN SUFFERS FROM DRINKING ALKALI WATER.

He Is Now Between Laramie and Ogden and Aims to Make 58 Miles by Night.

Edward Patton Weston, the pedestrian, suffered yesterday and last night from the effects of poor food and too much alkali water and as a result, westward from Laramie, Wyoming, until about eleven o'clock this morning. Weston walked 35 miles from Granite Canyon, Wyo., Wednesday, arriving at Laramie at 8 p. m. and immediately went to bed. A stomach ache kept the veteran awake most of the night, but when he awoke late this morning, he declared he felt much better. He proved it by eating a breakfast consisting largely of butter cakes, thickly spread with butter.

Weston hoped to reach Medicine Bow, 25 miles west of Laramie, tonight, but can hardly do it with his late start.

G. A. R. VETERANS WILL COME OVER THE UNION PACIFIC

The following statement, issued by Colonel Frank M. Strazell, executive director of the encampment, is self-explanatory and calls attention to the misunderstanding regarding the amount of money which is required to carry on the encampment in a proper manner:

"Some newspaper unfortunately has made the statement that too much money had been furnished, when, as a matter of fact, the budget prepared by the executive director, Frank M. Strazell, was cut down to \$10,000. Fifty thousand dollars was guaranteed and only \$10,000 delayed much longer. It is beyond the time now when each committee should know how much it can expend. It is almost too late to make low figures. Whatever is done in the way of getting sufficient funds must be done quickly."

Communications continue to be received at the executive offices from different parts of the country, expressing the intention of Grand Army men to be present at the encampment. A letter received Wednesday from William H. Morgan, assistant adjutant general of the department of Oregon, states that the booklet for distribution had been sent to every Grand Army post in the department and to each representative elected to go to the encampment. "Every representative," he says, "is pledged to be alive. Adjutant General Cole has our credentials; our route is to Salt Lake, Idaho, to Albany, N. Y., to Falls Lake, Ohio, to Chicago, Ill., to St. Paul, Minn., to Portland, Ore., to Salt Lake City. Regular train service to arrive Monday morning, August 9, 1920."

A letter from Theodore F. Bost, commander of the department of Idaho, is as follows:

"We intend to start from here on August 6 for Salt Lake City, via the departments of Tennessee, Kentucky and the G. A. R. organizations of Cincinnati and Hamilton, Ohio, and will go to St. Paul and Union Pacific, via the idea to Salt Lake City. Regular train service to arrive Monday morning, August 9, 1920."
